

**“The new breadwinner in the family.”**

Grandma doesn't even have the kids, what a gimmick.  
Chicago's finest politics.

An emergency room physician told me that a woman in her late 20's came to the ER today with her 8th pregnancy. She told the first doctor she saw: "My Mama told me that I am the breadwinner for the family." He asked her to explain. She said that she can make babies ~ and babies get money from the State for the family.

It goes like this: The Grandma calls the Department of Child and Family Services, and states that the unemployed daughter is not capable of caring for all of her kids.

DCFS agrees, and tells her the children will need to go into foster care. The Grandma then volunteers to be the foster parent, and receives a check for \$1500 per child each month in Illinois.

**Total yearly income: \$144,000 tax-free and nobody has to go to work!**

In fact, they get more if there is no husband / father / man in the home! Not to mention free healthcare (Medicaid), plus a Monthly card entitling them to free groceries and a voucher for 250 freeObama phone minutes each month. This does not include WIC and other welfare benefits....that they are "entitled" to.

**Indeed, Grandma was correct that her fertile daughter is the "breadwinner" for the family.**

This is how the liberal politicians spend our tax dollars. When this generous program was invented in the '60s, the Great Society architects forgot to craft an end date, and now we are hopelessly overrun with people who vote only for those who will continue to keep them on the dole.

**No wonder our Country is broke!**

Worse, the Muslims have been paying attention, and by mandating that each Muslim family have eleven children, they will soon replace the voting block above and can be running this Country within 25 years. Read the above again, until it sinks in, and then ask yourself if your Children, Grandchildren, and Great Grandchildren will survive these severe changes to America !!

Are You alarmed yet ?? Is anybody listening ????

Is this a GREAT COUNTRY or what...?

**Don't forget to pay your taxes!**
